

### Harbor College Readies for Fall Semester

Over 400 courses will be offered by Harbor College during the fall semester, which extends from Sept. 12 to Jan. 27, according to an announcement today by William H. McMasters, dean of admissions and guidance.

Major fields of study in which day and evening classes will be offered include science, mathematics, engineering, business, electronics, printing, architecture, art, drafting, philosophy, speech, nursing, history, psychology, English, Spanish, literature, education, engine technology, and many others, McMasters said.

ALL CLASSES are tuition free, carry regular college credit, and meet from 8 a.m. to 10 p.m. Mondays through Fridays. Any high school graduate or person 18 years of age or over may attend by following required entrance and registration procedures.

All new students, day and extended day, should file applications for admission and registration permit requests at the college admissions office, and arrange for previous high school and college transcripts to be mailed to Harbor College.

In addition, new full time day students, and evening students who expect to receive veterans' benefits, should make an appointment to take the 3 1/2 hour college entrance tests on one of the following dates: Aug. 19, at 8:30 a.m.; Aug. 29, 6 p.m.; or Sept. 3, 9 a.m.

PERMITS TO register on a specific date in August or September will then be mailed to qualified applicants.

Currently enrolled and returning students should file requests for registration permits at the admissions office and enroll on the date indicated in the permits, which will be mailed to qualified applicants. Returning students should also file applications for admission and transcripts of college work completed since leaving Harbor.

"As a result of June registration, many students have already enrolled for the fall semester. It is advisable for everyone who has not registered, to do so at once by following enrollment procedures. Delay will result in unnecessary difficulties concerning hours and programs," McMasters pointed out.

### Alondra Park Plans Trip To Catalina

Alondra County Park is offering an all-day trip to Catalina Island for all teenagers 13 to 18. The trip is scheduled for Aug. 31 and is for all teenagers who wish to sign up. The fee for transportation to and from the island from the park area is only \$6. Registration is being taken now until Aug. 28. All money and consent slips must be turned in to the park director by that date.

Registration slips may be picked up at Alondra Park, either at the new activity building, 3850 Manhattan Beach Blvd., or the community building, 3535 Redondo Beach Blvd.
